(c) and (d) A formal request was received in 2003 from Commissioner, Mangalore City Corporation to take up the work in lieu of Level Crossing No 146-B. Based on low traffic census *i.e.* Train Vehicle Units (TVUs) less than one lakh in 2002, the proposal for Construction of RUB on Bajal-Pandil Road near Kankanady was qualifying on Deposit terms basis. This was examined and replied that Railway was willing to take up the work on Deposit basis and for which 2% Plan and estimate charges were asked to be deposited.

In the meantime, fresh census was taken in March 2006 and the TVUs were found to be more than 4 lakhs, qualifying the RUB work to be taken up on cost sharing basis. Accordingly, Secretary, Karnataka State Government was advised to sponsor the proposal on cost sharing basis. The final commitment and formal proposal is still awaited from the State Government.

(e) and (0 State Goverment has been advised on 6.6.2006 by Zonal Railways to sponsor proposal on Cost Sharing basis assigning due priority and fulfilling all the preliminary prerequisites *viz.* undertaking to share the cost of work, closure of level crossing on completion of work and advance action taken to acquire land for approaches etc. to facilitate inclusion thereof in the Railway Works Progamme of 2007-08. Railway would consider favourably on receipt of the proposal on cost sharing basis.
